Honorary sponsorship

Requirements for an honorary sponsorship of multiple births

At the request of the parents/legal guardians, the Bavarian Minister-President shall assume honorary sponsorship for multiple births of triplets or more

- who were born on or after 1 January 2018,
- who have German citizenship or citizenship of another member state of the European Union,
- who have their principal residence in Bavaria.

The sponsorship is granted with the presentation of a certificate signed by the Minister-President.

Minister-President Dr. Markus Söder, MdL (in the centre), personally presented honorary sponsorship certificates to multiple birth families in the State Chancellery.

Acknowledgement for special challenges

With this sponsorship, the State of Bavaria acknowledges the special challenges that families with multiples have to face. The grant is intended to cover the extraordinary expenses facing the multiple-birth family after the birth, which exceed the usual means for securing the basic necessities of life. The honorary sponsorship does not entail any obligations for the honorary sponsor.

Type and amount of financial support

The grant is a non-recurring amount of 1,000 euro for each child of the multiple birth. It is a voluntary benefit and is provided independent of income within the scope of the appropriated budget funds. There is no legal entitlement to the grant.

Procedure: Acceptance of honorary sponsorship

The municipality in which the family resides shall inform the parents/legal guardians that in the event of multiple births the Bavarian Minister-President will assume an honorary sponsorship upon submission of an application.

The application for honorary sponsorship shall be submitted using the [Application form \(PDF\)](#) within one year of the multiple birth. The municipality of residence confirms on the form that the application requirements have been met. For this purpose, it is necessary to present copies of the birth certificates or certified printouts from the birth register with the completed application. The application is then submitted to the State Chancellery which decides on the application and pays out the grant. The grant is paid out by way of bank transfer to an account of the parents/legal guardians, which shall be specified in the application.

The certificates of honorary sponsorship signed by the Minister-President are handed over by the mayor of the respective municipality of residence. The Minister-President reserves the right to present the certificates himself in individual cases.
